The image is a screenshot of a web browser displaying the IBM Cloud dashboard. The browser's address bar shows the URL 'cloud.ibm.com'. The dashboard has a dark theme. At the top, there's a navigation bar with 'IBM Cloud' and a search bar. Below this, the 'Dashboard' title is visible. The main content area is divided into sections. The 'For you' section features six cards: 'Build' (purple), 'Use Speech to Text' (2 min), 'Create an OpenShift cluster' (20 min), 'Build a data lake' (1 hr), 'Use Streaming Analytics' (2 min), and 'Build a web app with Watson Speech to Text' (15 min). Each card includes a brief description and a 'Getting started' or 'Popular' button. Below this, there's a 'News' section with articles like 'WebSphere Application Server Support Restatement' and 'IBM Adds Lifecycle Services to Enterprise Networking and Deepens Strategic Partnership with Cisco'. To the right, there are sections for 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status' with a world map. The bottom of the screen shows a Windows taskbar with various icons and the system clock indicating 13:16 on 13-11-2022.
